# CORRALEJO

Corralejo, to the north of Fuerteventura, is a modern, dynamic town that is marked by its wild surroundings, its unique geography, the warmth of its climate, and its colours. You can enjoy long, beautiful beaches in Corralejo with crystal-clear water, fine sand, shallow depths, sun, and a wide range of options. The Dunes of Corralejo Natural Park has views of the islands of Lanzarote and Lobos and will transport you to another continent. Corralejo and sport go hand in hand, it has everything you could need to enjoy any water sport, sailing, fishing, surfing, windsurfing, kitesurfing... It also has a surprising atmosphere both by day and by night, where any lifestyle can blend in.
